

SKILLS BOOTCAMP: HGV DRIVER

FULLY FUNDED TRAINING TO GET YOU BACK BEHIND THE WHEEL

THE INDUSTRY IS CHANGING!

The Government has launched its **fully funded Skills Bootcamp** to address the urgent need for HGV drivers. The initiative sees an investment of **£34 million** to help train new drivers, as well as supporting existing HGV drivers who have left the industry, to get back on the road.

The pandemic has changed people's perception of HGV drivers and demonstrated the impact the industry has on our everyday lives. There is growing **respect** for the good work drivers do, with better rewards and conditions for individuals looking to enjoy their career as an HGV driver.

HAVE YOU LEFT THE INDUSTRY?

Demand for drivers is at an all-time high, with improved pay, better working conditions and more flexible hours, there has never been a better time to get back on the road!

Increased Pay - HGV jobs are being advertised at up to 45% higher than they were pre-pandemic. You could be earning **£40,000 a year!**

Improved Working Conditions - Investment in driver facilities such as toilets, showers, food, cleaner trucks and company uniforms are just a few changes both Government and businesses have made to improve driver welfare.

Better Working Hours - The sector is providing more options to suit people's different lifestyles including flexible working, fixed hours, fixed days, full-time and part-time roles.

Skills Bootcamp: HGV Drivers

WHAT WE OFFER

We are the country's leading authority when it comes to Logistics training, working with the country's leading logistics employers.

Our **fully funded** HGV Skills Bootcamp updates your skills and knowledge to give you the confidence to get behind the wheel of a modern truck, working within a 21st century logistics operation.

Our support package will give you:

- **35 hours of Driver CPC training**
- **Free medical assessment and application**
- **In-cab familiarisation training including driving an automatic**
- **Digital tachograph card**

HOW WE HELP

Driving Automatic - It can be daunting switching from driving manual to an automatic gearbox. Our training ensures that you have a fluent transition to driving a modern day automatic HGV truck.

New Technology - The logistics industry has evolved. Learn how to use PDA's, tablets, routing systems and sat navs and get up to date with tech!

Get Accredited - The process for updating your licence can often be complex. Be assured that we will help you with your digi-tacho and DCQ cards, as well as any required licence applications.

BACK TO WHEELS

Through our "Back to Wheels" programme, you will have a guaranteed interview with the country's most reputable companies. We can provide you with CV and interview training, as well as giving you the must have skills for working in this sector in 2022.

"The industry is changing for the better. People are starting to see how important HGV drivers are, We are more respected and are finally treated like the professionals that we are"

- Sami Bowler, T.W. Bowler LTD
